Dear Tom:

As you know, we have used your roofing system on two of our rental buildings over the past few years and in both instances we are very pleased with the results. We were constantly making repairs to our old roofs after fielding calls from unhappy tenants. It got to be too much and we decided to pay now instead of pay later and go with a new roof.

Not only was your price for the jobs very competitive but also in retrospect our choice to go with you was right.. We have had almost no problems with our new roofs and on the rare occasion that we do have a problem your people are right on it. By the way, those problems are almost always the sky lights and not the roof.

It is nice to get what you are hoping for and with your product we certainly did.

Sincerely,

Timothy M. O'Leary
